Property Details

3/4 bedroom detached house

Alino village is situated at the foot of the Vitosha Mountains which is the nearest to Sofia. There are municipality, post office and few shops. The village is 25km away from Borovets resort and 45km away from the slopes on Vitosha Mountain.

It is located only 4km to Belchin village offering mineral springs and the Spa Centre Belchin bani. Also it is lovely because there are great views of two mountains – Rila and Vitosha. The property is easy to find as it is on the main road of the village.

The house is in a liveable condition although it will need cosmetic repairs. It is of typical Bulgarian style. An additional barn is located within the land offered with this property. The house has access to water, electricity and a septic tank.

Investment potential/rental income

Investing in older property will mean that you will have to consider making repairs and improvements to the property once you have made the purchase. Getting holiday lettings and rental income will require the property to be up to the standards to enable you to get proper insurance and happy customers.

BCM

BULGARIAN
CONSTRUCTION MANAGEMENT

With our Bulgarian Construction Management company we are able to offer the overseeing of all of your renovation/repair projects from our offices in Bulgaria and here in the UK. We understand that many clients do not want the 'hassle' of having to organise the necessary arrangements in order to proceed with such a project. Using our BCM services will give you the peace of mind that your home/investment is under our supervision, providing you with regular up-dates and pictures of the progress of your project from our UK office. We have many clients going through this process and many whom have now completed their BCM project. Should you wish to talk to any of these clients please let us know as we and they will be happy to answer any of your questions.

* The cost of repairs, renovations and improvements are all subject to separate surveys, contracts and the investment levels will depend on the type, style and quality of work required.
