3 bedroom detached home

This fantastic investment opportunity is located in central rural Bulgaria with the village of Biala Reka, the ancient capital of Veliko Tarnovo being the nearest town. Within a short driving distance you can visit 100's of attractions and explore many traditional experiences.

The house has recently been renovated to a traditional standard. It is situated in a peaceful, beautiful village and consists of 3 bedrooms, a living room, kitchen, bathroom and toilet. The property also comprises a traditional stone barn and a well.

Holidays

Rural tourism is the fastest growing sector of tourism today. A completed renovation project can be designed to cater for this growing trend. Relocation and long term lettings to holidays with the children, can all be catered for in a renovation project like this.

Investment potential/rental income

Investing in older property will mean that you will have to consider making repairs and improvements to the property once you have made the purchase. Getting holiday lettings and rental income will require the property to be up to the standards to enable you to get proper insurance and happy customers.

BCM

**BULGARIAN
CONSTRUCTION MANAGEMENT**

With our Bulgarian Construction Management company we are able to offer the overseeing of all of your renovation/repair projects from our offices in Bulgaria and here in the UK. We understand that many clients do not want the 'hassle' of having to organise the necessary arrangements in order to proceed with such a project. Using our BCM services will give you the peace of mind that your home/investment is under our supervision, providing you with regular up-dates and pictures of the progress of your project from our UK office. We have many clients going through this process and many whom have now completed their BCM project. Should you wish to talk to any of these clients please let us know as we and they will be happy to answer any of your questions.

* The cost of repairs, renovations and improvements are all subject to separate surveys, contracts and the investment levels will depend on the type, style and quality of work required.
